

# Aksbran Corporation FZC

## Welcome To Aksbran

Aksbran's team has over 35 years experience in the friction industry. From manufacturing for Original Equipment companies to insourcing production for international brands.

We empower our customers to focus on the business of transport...not constantly changing brake linings.

Popular new brake shoes available for fast moving truck applications.

Best in class riveting machines for high volume garage and workshop requirements.

Available in non-asbestos and asbestos qualities and drilled and undrilled.

Heavy weight and European construction brake drums.
