

HIGH PERFORMANCE PRODUCTS
AT YOUR DOOR STEP

Welcome To Ideal Special

With a modest beginning in 2002, IDEAL GROUP OF COMPANIES have made giant strides in the fields of manufacturing and marketing of High Performance Doors in UAE and neighboring GCC States. IDEAL products are manufactured to stringent quality standards in two factories in Ajman; UAE. A skilled team of work force complemented by modern machinery manufacture these products to the full satisfaction of our customers. Being a locally manufactured product, these doorsets can be made to exact requirements of customers; in terms of size, material (choice of timber veneer), finish etc. Each doorset is subjected to detailed scrutiny during manufacture and installation, only then are the label and Civil Defence certificate released. Production facilities are periodically audited by third party certification bodies like BM TRADA for quality standards and consistency. IDEAL group also has standing arrangement with some of the leading joinery shops in U AE for specialized installation of their high performance doors.
