

Overview

5 Decades Expertise. A wide, Matchless range of Pumps and motors. Futuristic Technology. Just a few among several things that made C.R.I. a renowned global brand.

C.R.I. PUMPS

Pumping trust. Worldwide.

PRE QUALIFICATION FOR SUPPLY OF SCRAP & FOUNDRY ALLOYS / INPUTS.

Welcome to C.R.I. Pumps

The beginning of C.R.I., back in 1961, was a resolute attempt to produce a few irrigation equipments using the limited facility of an in-house foundry. Now, after four eventful decades, the founder's dream has become a reality, a multi-winged organization that produces different varieties of pumps and motors that are engineered to perfection. What made the legendary growth possible is the flawlessly maintained value system of the company. The name C.R.I. itself encapsulates the company's ethos: "Commitment, Reliability, Innovation" and it has now become a household name associated with water lifting pumps – be it for agriculture, industry, domestic, mining or civil applications.
