

Fanar Al Khaleej

Connecting Food with Technology

Welcome To Fanar

Fanar Al Khaleej had its humble beginning in the year 1990 in the United Arab Emirates. The company was started to service the food industry in the Middle East. The earliest business was supplying food processing machinery primarily acting as agents for European and US suppliers. Today the Company has transformed into a one stop solution from turnkey engineering to product development and supplies a variety of ingredients both bulk and fine from stock through strategically located warehouses across the Middle East, Iran and India.

The company has evolved over the years and continues to do so every day keeping the focus of our prime objective of being a service provider to the Food Industry.
